

Hello,

I STRONGLY believe the DO NOT CALL LIST remain in effect !

There is nothing more annoying than running for the phone and it's someone trying to sell you something !

Just as bad is the SPAM we receive via Internet marketing, however, I only deal with it when I sit down to use the computer.

Telemarketing requires me to stop what I'm doing in order to answer the phone, only to find out it is someone trying to sell me something I have no interest in.

Please keep this law in effect !

Thank You !
